
DEFCON Soundtrack Full Crack [portable]

WARNING SOUNDS

The attack warning
When an air attack is expected the sirens will sound a rising and falling note.

The fallout warning
When there is danger from fallout you will hear three loud bangs or three whistles in quick succession.

The all clear
When the immediate danger from both air attack and fallout has passed, the sirens will sound a steady note.

BROUGHT TO YOU BY

Alistair Lindsay
Alistair returns once again as Lead Audio, overseeing the production of an entire hours worth of original music and some stunningly evocative sound effects too.

Michael Maidment
After his successful game-audio debut in Darwinia, Michael returns as Alistair's apprentice to co-compose the hauntingly atmospheric in-game music and sound effects.

ACTION AFTER ATTACK

DEFCON Fear - Madness - Loss

DEFCON Fear - Madness - Loss

In case of thermonuclear war your radio will be your only link with the outside world. If no radio signal is available, this audio recording will provide you with both guidance to survival in a post-nuclear world and a bit of calming music.

Audio tracks:

1. Fear	9.23
2. Madness	9.47
3. Loss	13.45

[Steam downloads game soundtracks to a separate folder in your game's Steamapps directory. You can right-click on a game in your Steam Library, select Properties>Local Files and click Browse Local Files to access that game's directory.](#)

[The soundtrack itself consists of 8 tracks with no unique titles: they're basically arranged versions of the music from the game. You can individually extract these yourself - along with about 10 more minutes of music and the sound effects from the game, all in OGG format - from the game's sound.dat file...by literally opening it in 7Zip. I love that, by the way. More games need to have their sound effects accessible.](#)

[As for the music itself, it's very good stuff: all around haunting, evocative, beautiful and very fitting. If you want to support the musicians & developers, I would still recommend purchasing this. The arrangement makes for easy listening as well \(technically easy, that is\) so I'd say you still get decent value for your money.. An amazing soundtrack for an amazing game. 11\10. As I said in my review for DEFCON, this game's soundtrack and feel really are the best parts of this game. Haunting and eery, this game is great for running roleplaying games or Nuclear War to.](#)
